SINGAPORE MARITIME GALLERY

Managed By Maritime and Port Authority of Singapore

INTRODUCTION

The Singapore Maritime Gallery is a contemporary gallery that tells the story of Singapore's transformation from a small trading post into a premier Global Hub Port and leading International Maritime Centre. Discover the stories that led to our growth and our strategy for the future.

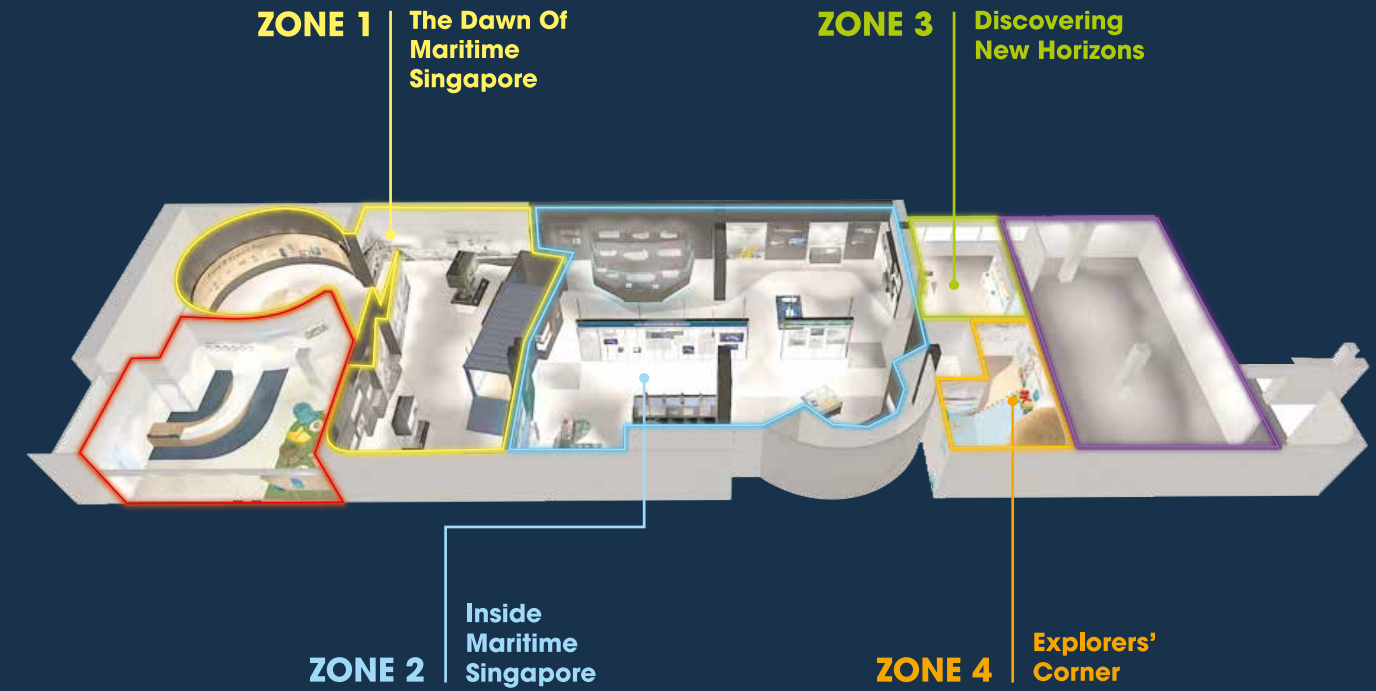

Divided into four main zones, the gallery explores our rich maritime heritage and the vital link between the maritime industry and our daily lives. Find out how Singapore maintains her voice in the international maritime arena, and how she stays abreast amid global change by remaining technologically-driven and future-ready.

The gallery concludes by commemorating our achievements, as well as inspiring our future generations to be part of this vibrant, vital and resilient industry!
